Violence Flares in Tennessee Lunch Counters

CHATTANOOGA, Tenn. (AP)—Negro and white youths battled in a wild slugfest at a downtown variety store in the latest demonstration over segregated lunch counter seating.

Police Chief Ed Brown mobilized his entire 250-man force and called in 40 auxiliary officers after what started as a peaceful demonstration exploded into hand-to-hand combat Tuesday.

Swarms of Negro and white youths boiled into one of the city's main intersections. Police quieted the melee 30 minutes later and arrested 11 white persons and one Negro.

Brown posted guards at all schools today. Managers of four variety stores, possible trouble spots, agreed to close at 3:30 p.m., school closing time.

It was the third Negro lunch counter demonstration in a Chattanooga variety store in five days. The first two were peaceful.

Negro students resumed non-violent resistance to segregated lunch counters in Virginia and North Carolina.

Police arrested 25 demonstrators both white and Negro — in North Carolina.

In Richmond, Va., pickets marched against a department store in defiance of the arrest of 34 Negro students there Monday. Three Negroes were arrested outside the store.

In Greensboro, N.C., where the sit-down demonstrations began Feb. 1, variety store lunch counters were open on the customary segregated basis.

A major demonstration occurred at Winston-Salem, N.C., where 12 Negroes and 10 whites were arrested as they sat at a white lunch counter marked for use by F. W. Woolworth Co. employees and their guests.

Georgia's fiery attorney general, Eugene Cook, warned against such demonstrations Tuesday. He said threats of Negro sit-down demonstrations in Georgia are the "widest-open provocation the Ku Klux Klan has had since the Civil War."

Hope Class Gains Some on Prescott

Attendance of 81 Sunday at Hope Presbyterian's Men's Sunday School Class topped their Prescott contest rivals for the second week in a row but the Nevada Countains still hold a lead of 287 to 267. The Prescott class had 73 Sunday.

Smackover Okays Sewer Bonds

SMACKOVER, Ark. (AP) — A \$75,000 bond issue to help finance sewer improvements was approved 426 to 134 here yesterday.

The bonds will help pay for a \$217,000 improvement program. Rest of the money to come from a \$67,000 federal grant and sewer revenue bonds, which do not require a vote.

Smackover is under state Water Pollution Control Commission orders to stop polluting Smackover Creek. The state Health Department has prohibited additional sewer connections until improvements are made.

Coggins Gets 3 Years in Bombing Case

LITTLE ROCK (AP)—John Taylor Coggins, 39 year old auto salesman, today was formally sentenced to prison for participation in the integration-linked labor day dynamite case last year.

He was the fourth of five defendants to be sentenced, 3 on convictions and one on a plea of guilty. A fifth man still is to be tried.

Circuit Judge William J. Kirby directed that Coggins be taken to the penitentiary to serve a three-year sentence and that he pay a fine of \$500.

That was the punishment fixed by the jury which early last November declared Coggins guilty of bombing the business office of Mayor Werner C. Knoop the night of last Sept. 7.

Pending an appeal to the Arkansas Supreme Court, Coggins was permitted to remain free on the same \$15,000 bond he furnished shortly after he was arrested.

Coggins testified at his trial that the bombing of Knoop's office and two other targets was plotted by E. A. Lauderdale Sr., 48, a former lumber dealer.

Coggins said Lauderdale furnished the bomb which damaged Knoop's office but that he, Coggins, did not know it contained dynamite.

He thought it was a smoke bomb, he said.

Coggins testified that Lauderdale suggested the bombings as harassment because of limited school integration here.

Lauderdale first brought up the subject after a Ku Klux Klan meeting which both attended, Coggins said.

Rate Case to PSC
LITTLE ROCK (AP)—Arkansas Power & Light Co. will argue before the Public Service Commission March 8 in favor of its request for approval of an increase in rates charged co-operatives for wholesale power.

The PSC set the hearing date yesterday.

The increase, which will boost power cost by \$600,000 a year is being fought by 14 co-ops which will be affected.

The increase was scheduled to have taken effect last week but the PSC ordered a 30-day delay so its staff could study the matter.

Officers Rowe and Fullerton of the local force investigated.

United Fund Report Is Made to the Directors

The Hempstead County Funds annual membership and board of directors meeting was held in the community room of the First National Bank last night. President, Bill Caldwell gave the final report of the 1959 drive which was held in the latter part of 1959. The total cash and pledges received to date amount to \$14,771.01, Mr. Caldwell said.

This amount of cash and pledges was raised through the United effort of many people in Hope and Hempstead County, for distribution to charitable agencies and causes included in the United Fund of Hempstead County are the Salvation Army, Boy Scouts of America, American Red Cross, Underprivileged Children, Polio, Cancer, Heart, Multiple Sclerosis, Muscular Dystrophy and Cerebral Palsy.

At the meeting a new board of directors was elected to serve for the coming year, the following members of the board were re-elected: Mr. Caldwell, Dale Jones, Arthur Winnell, Herman Dodson, Mrs. Gary Formby, Inez Compton Vance Marcum, Mrs. Sam McGill, Mrs. N. B. Coleman, Mrs. R. B. Views Differ on Ruling of High Court

LITTLE ROCK (AP) — Atty. Gen. Bruce Bennett and Mrs. L.C. Bates take different views of a U. S. Supreme Court ruling in a case involving both.

The court yesterday rejected two controversial lines levied against Mrs. Bates and Mrs. Birdie Williams under the so-called Bennett ordinances.

Mrs. Bates, president of the Arkansas chapter of the National Assn. for the Advancement of Colored People, said the ruling "should make it crystal clear that we (the NAACP) do not have to release our membership lists to Bennett or anyone else."

Bennett said other means to secure the information would be devised.

Mrs. Williams, the North Little Rock NAACP president, and Mrs. Bates were fined \$25 each for failure to give membership information required by Bennett ordinances.

The Supreme Court did not declare the ordinances unconstitutional. However, it said they could not be used to force information from the NAACP.

Bennett said the court's ruling was no surprise. He said the fight against the NAACP "will be continued relentlessly" but did not elaborate.

The attorney general, who has qualified as a candidate for governor, authored several pieces of anti-NAACP legislation passed by the Arkansas Legislature.

Mrs. McRoy, 75, Dies Tuesday in Local Hospital

New directors elected were Mrs. Herbert Stephens, Paul Jones, John Wilson Jr., Haskell Jones, Guy Basye, Fred Gray, Mrs. E. Young Jr., Ted Scott, Arch Wyllie, Raymond Byers, and Dr. Lynn Harris.

Mr. Caldwell stated that the complete new board would meet in the near future to organize and start plans for the 1961 campaign which will be held this fall.

Midwest Is Pounded by More Snow

By THE ASSOCIATED PRESS

More snow fell in storm-battered sections of the Midwest today in the wake of violent weather which pounded wide areas in the Plains.

Although the storm appeared weakening as it moved northeastward, fairly heavy snowfalls were indicated in many areas.

Snow ended and winds diminished in most of the hard-hit areas of Kansas and Nebraska. Heavy snow continued in parts of Missouri and Iowa and from three to four inches were in prospect in the Chicago area.

The snow belt stretched from eastern sections of Kansas and Nebraska, dumped over a foot and Missouri into southern Minnesota and Wisconsin and northern parts of Illinois and Indiana.

The storm which battered the Plains, with blizzard conditions in parts of Kansas, Missouri and Nebraska, dumped more than foot of snow in some areas. Heavy snow also fell in much of Oklahoma and Iowa. Schools in parts of the storm belt were closed by snow-clogged highways.

It was cold across the snow-covered sections in the midcontinent. Temperatures were near or a little below zero from Kansas and Nebraska northward through the Dakotas. Readings were in the 10-20 degree range in most of the north central region.

A new storm hit New Mexico, with strong winds and snow spreading across most of the northern half of the state. Snow flurries were reported in the cold air that covered the Rockies northward into Montana.

Snow flurries continued from the northern Great Lakes southeastward into northeast Ohio and western Pennsylvania and north-eastward through upper New York into northern New England.

New Aluminum Plaque
LITTLE ROCK (AP)—The famed "little rock" got a new aluminum plaque yesterday to replace a bronze one stolen in 1956.

The rock was named by explorer Bernard de la Harpe in 1722. It was the first stone outcropping sighted by the party on its trip upstream from the Mississippi.

Little Rock took its name from the rock.

Dixie Senate Group to Use the Filibuster

WASHINGTON (AP) — Dixie forces in the Senate announced today they will employ filibuster tactics in an all-out fight against new civil rights legislation.

Sen. Richard B. Russell (D-Ga.), quarterbacking the Southerners, set Thursday for the start. He told the Senate the decision is in reply to threats by Senate leaders to impose the "legislative torture" of round-the-clock sessions in an attempt to beat down opposition.

Russell bluntly warned the Senate that the Southerners would employ the time-honored filibuster tactic of blocking any unanimous consent agreements to allow the transaction of other business.

His announcement came after Democratic Leader Lyndon B. Johnson of Texas had told reporters he was hoping for the start of voting some time next week on issues in the great debate on civil rights.

Johnson and Rep. Dan Rostenkowski, D-Ill., had joined Tuesday in serving notice that round-the-clock sessions might start Monday in a drive to get a vote.

FFA Carrying Out Soil Test Program

As a community service the Hope Chapter of the FFA are carrying out a soil testing program during National FFA Week. Each member is taking soil samples from his home or neighbors farms. The samples are then sent to the County Agent office and are then forwarded to the University soil testing laboratory. When the results are returned, Mr. Calvin Caldwell, Hempstead County Agent, will send out the result and recommendation as to the proper kind and amount of fertilizer to use for maximum benefit for the fertilizer dollar.

Ft. Smith to Get Large Rubber Plant

PORT SMITH, Ark. (AP) — A three million dollar rubber products plant yesterday became the second major industry to be announced for Fort Smith this year.

Plans for construction of the new factory were announced at a dinner of the Fort Smith Chamber of Commerce industrial committee.

Milo J. Marsh, president of the Ohio Rubber Co., said the plant will make rubber parts to be used by other manufacturers. Employment will total 300 at first and 700 eventually.

Products will include rubber hose, ladies' shoe taps, tricycle tires and automobile floor mats.

Gordon Boyd, assistant manager of a plant at Willoughby, Ohio, will be general manager of the Fort Smith plant.

Gov. Orval E. Faubus presented Marsh with an Arkansas Traveler certificate at the dinner.

Earlier this year the Norge division of Borg-Warner announced plans for 10 million dollar factory at Fort Smith.

Marsh said Ohio Rubber chose Fort Smith especially for its water supply, availability of gas and transportation facilities. Ohio Rubber is a division of the Eagle-Picher Co. of Cincinnati, Ohio.

Tate School Is Destroyed by Fire

MARVELL — The M.M. Tate High School (Negro) was completely destroyed by fire today.

No one was in the building.

An insurance agency in Marvell estimated the loss at \$50,000. School officials said it would cost about \$75,000 to rebuild the structure.

The Marvell Fire Dept. answered the alarm at 7 a.m., but was only able to save a few school records before the 14-classroom structure burned to the ground. It was a frame building.

The blaze was believed to have been caused by a faulty flu, school officials said.

Students of the school will continue studies in the school gymnasium and nearby churches.

A Blizzard of Confetti Litters Rio de Janeiro

By MAX HARRELSON

RIO DE JANEIRO, Brazil (AP) — President Eisenhower, grinning broadly, rode triumphantly through Rio de Janeiro today amid the greatest crowds this Brazilian metropolis ever has seen.

A blizzard of confetti and streamers showered down as Eisenhower's motorcade passed down the Avenida Rio Branco, the main business street of Rio, and onto the bayside drive in sight of famous Sugar Loaf Peak.

The U. S. President passed through the jammed streets after a reception at which he expressed the hope that money now spent on arms can one day be diverted to global attacks on disease, ignorance, and poverty.

Police officials declined to estimate the size of the city's turnout but said there never had been anything like it.

There were repeated choruses of "Eisenhower, Eisenhower." Some also shouted "Ikey, Ikey," giving two syllables to the President's nickname.

Eisenhower sat on the back of a car seat and acknowledged the greetings by holding both hands above his head. Brazilian President Juscelino Kubitschek rode beaming beside him.

At one point student groups leaned from windows to shout "Fidel, Fidel" in honor of their hero, Prime Minister Fidel Castro of Cuba. The crowd on the sidewalk—bood, bood, and Eisenhower smiled.

The parade route started at the Naval Ministry and ended at the U. S. Embassy residence, where Eisenhower had arranged a luncheon.

THE BUSHWHACKERS

THE STORY: Phil Bokker is seeking an explanation of a picture which appeared during the Civil War and which showed him as a member of Quantrell's guerrilla raiders in Kansas. Bokker served with Union troops during the war and was in a St. Louis hospital at the time of the raid.

CHAPTER III

A clink of light came from the window, revealing a woman's figure standing at the far side of the room.

Bokker stepped into the room and closed the door. "All right, I sit down," he asked.

"Sit!" Bokker groped and found the bed. He sat on it, looking at his valise. It had been moved and he suspected that the woman—or girl—had ransacked it and probably held the Navy gun she had found in it.

She did not move from near the window, and Bokker could not distinguish her features. He could, however, make out her form. It was slender.

She said, low, "Please don't talk loud. The walls are thin."

"All right," Bokker agreed.

"What do you want to talk about?"

"The picture in the magazine."

"When?"

"There was a trace of hesitation."

"We—we have one. But I looked at yours a few minutes ago."

"Were you in the restaurant a little while ago?"

"Anne's place? No... Why?"

"I had an idea Anne had someone out in the kitchen."

"Like Thomas, probably. He and Anne are going to get married." The woman paused. "Did Anne question you?"

"A little."

"What did you tell her?"

"That I was a lawyer handling an inheritance case."

"Who? I mean, what's the name of the person whose case you're handling?"

"Bokker, Phil Bokker."

Quits So He Can Criticize U. S. Defense

NEW YORK (AP)—Thomas G. Lamphier, Jr., says he's quitting as an executive of the company that produces the Atlas missile so he can freely criticize what he considers the inadequate defense policies of President Eisenhower.

Lamphier charged on a television program today that the President is not as well-informed about modern weapons as he thinks he is.

"It's a question of getting out and keeping up with the fast-developing technology, something the President has not done until he recently made a quick trip to Canaveral," said Lamphier.

"The World War II flying ace announced his resignation as vice president of the Convair Division of General Dynamics Corp., which makes the Atlas, America's only operational intercontinental ballistic missile."

He made the announcement on the NBC-TV Dave Garroway "Today" show, taped Tuesday afternoon and broadcast this morning.

Convair President J. V. Naish accepted Lamphier's resignation with regret. Naish said Lamphier made outstanding contributions to successful development of the Atlas, F102, F106, and B5 Hustler programs.

Lamphier, a Republican, served as special assistant to Sen. Stuart Symington (D-Mo) in 1949-50 when Symington was secretary of the Air Force.

He said: "I don't think the President is quite the professional, modern military expert that he says he is, and that his people right around him feel he is. He's not quite as well informed as I think he is in terms of modern weaponry."

By resigning, Lamphier said he feels he will be free "to criticize my president and my administration where I think they are wrong, in a field where I have some experience and certainly some conviction." He said he thinks President Eisenhower is "taking a chance" with the nation's survival.

He said: "I don't think the President is quite the professional, modern military expert that he says he is, and that his people right around him feel he is. He's not quite as well informed as I think he is in terms of modern weaponry."

Heater Blast Kills 2 at Tuckerman

TUCKERMAN, Ark. (AP)—A coal heater exploded in a tenant farmer's home near Tuckerman early today and flames killed two members of the family and burned five others seriously.

Police said the heater blew up when Wilson Woods, 14, poured kerosene in it.

Terrified, the boy ran to his bed and refused to leave.

He was trapped by the flames, and died. His older brother, Leon Woods, 17, also was trapped and lost his life in the raging fire.

Elvin Woods, 47, head of the family, was outside when the fire erupted. He broke down a rear door of the five-room house and helped rescue three of his other children.

Mrs. Buckley Woods, his 35-year-old wife, helped him take Earl, 15, Mary Catherine, 9, and Charles, 5, outside.

A neighbor boy, Jerry Clark, 12, was spending the night with one of the Woods boys. Clark smashed a window when the flames broke out and escaped from the burning house with only a minor cut.

The father and mother and all three of the surviving Woods children were burned before they could get out of the house. The structure was destroyed.

Woods and his wife and children got into an automobile and headed for Newport along Highway 67. They were only partially clothed in the 35-degree weather.

The children moaned and sobbed on the drive, Woods said. His hands had been burned so badly "it was all I could do to hold onto the steering wheel."

Near State Police headquarters about four miles north of Newport, the car broke down. A State Police radio operator, Junior McCutcheon, took the fire victims to Newport in his car.

All the Woods' were hospitalized. The condition of Earl Woods was described as grave. The others were in serious condition.

Hospital authorities said they planned to send all the children except Earl to the Arkansas Children's Hospital at Little Rock. Plans also were being made to transfer the parents to a Little Rock hospital.

A Receivership Suit Is Filed

LITTLE ROCK (AP)—A suit asking a receivership for the Arkansas Business Development Corp. of Little Rock has been filed in Pulaski Chancery Court here.

Chancellor Murray O. H. G. granted Ed Worth Milwee, former vice president of the ABCD, and two other plaintiffs a temporary order against the defendants of "further dissipating the assets" of the company pending a hearing.

Defendants are Alan C. Springer, ABCD president, and seven associates.

Milwee and his fellow plaintiffs alleged a number of irregularities in Springer's management of the company.

The suit charged that ABCD and two subsidiaries had been operating "at a systematic loss since inception" in 1957.

The company also is involved in litigation in which the federal Securities and Exchange Commission charged violation of SEC regulations.

The firm has denied these allegations.

Brasilia today to receive a warm welcome from President Juscelino Kubitschek and huge throngs jamming the city streets.

The big plane touched down at Galeao military airport at 10 a. m. (8 a. m. EST) after the 600 mile flight from the future Brazilian capital 600 miles to the northwest.

The President spent the night in Brasilia. He was greeted in the sprawling, partially constructed city, by Kubitschek Tuesday, but the official welcome was reserved for today.

Rio, De Janeiro was in a holiday mood. The temperature was around 80, in sharp contrast to damp, rainy weather of the past four days.

Eisenhower faced a jam-packed schedule in this beautiful waterfront city, including three speeches and further talks with Kubitschek.

A good share of Rio de Janeiro's three million residents were expected to fill the streets of the flag-decked city to greet the President on his arrival from Brasilia, the nation's future capital being built 600 miles to the northwest.

Government employees were given the day off and most business firms declared a half holiday so their employees could see the two presidents drive for an hour and a half through the city.

After the landing at Galeao International Airport, on an island in Guanabara Bay on a six mile trip along the waterfront on a navy launch, the motorcade route lay along the tree-lined Avenida Rio Branco, the city's main business street, then along the broad bay-side drive to the U.S. Embassy.

It was Eisenhower's second visit to Rio, which gave him a hero's welcome in 1946 when he toured the countries which had forced under his command during World War II.

The President's program included a speech of greeting at the Navy Ministry upon his arrival, an address to a joint session of the Brazilian Congress and another speech tonight at a banquet given by Kubitschek at the Foreign Ministry.

Eisenhower's tour teed off Tuesday in Brazil's capital-to-be with the joint "Declaration of Brasilia" and an exchange of short speeches by the U.S. and Brazilian presidents. But the visit to Rio gave the two leaders their best chance

Sandra Hobbs

Miss Sandra Hobbs, a Hope, Ark., freshman at Southern Methodist University in Dallas, Texas, has been selected as one of eight coed sponsors of the Air Force ROTC cadet corps at SMU.

She is the daughter of Mr. and Mrs. G. A. Hobbs of Hope, Ark. The new sponsors for 1960-61 will be officially presented March 5 at highlight of the annual corps Military Ball in the SMU Student Center.

Recognized as a social honor for women students, the position entails participating in cadet special projects, social activities and ceremonies and in

greeting dignitaries to the university.

Miss Hobbs was selected from among 32 nominees of campus women's groups by a cadet corps vote. She represents Pi Beta Phi sorority.

A 1959 graduate of Hope High School, she is majoring in dramatics at SMU. Other activities include membership on the Student Center Fashion Committee and on sorority committees.

The honorary cadet colonel, or corps queen, will be chosen from among the eight new sponsors and will be announced at the Military Ball.

Charges Filed for False Pretense

LITTLE ROCK (AP) — State Securities Commissioner C. I. Jones said today that charges of obtaining money under false pretenses have been filed in several Arkansas cities against a former official of an investment corporation.

Jones said M. W. Nunn, former president of Physicians and Dentists Investment Corp. at Little Rock, was accused in charges filed at Fort Smith, Russellville and Harrison.

It had been disclosed earlier that false pretense charges against Nunn were filed in municipal court at Fort Smith by Prosecutor Lyman Mikel.

The corporation now is in receivership. Jones said two charges have been filed at Russellville and one at Harrison. The false pretense charges involved a total of \$15,000 in these two cities, he said.

Charges at Fort Smith involved alleged stock transactions involving several thousand dollars.

The commissioner said that in each of the Russellville and Harrison cases, \$5,000 was obtained for stock in a Fountain Lake operation near Hot Springs.

Jones said some prospects were told a big resort hotel would be built at the lake. He said other prospects were told a home for retarded children was planned.

The commissioner said he had been conducting an investigation for six weeks. He said Nunn had been located at Dallas, Tex., "and we hope they have picked him up but we don't have word on that yet."

Club Padlocked by Youth's Charges

WEST MEMPHIS, Ark. (AP) — Officers yesterday obtained a padlock order for the Cotton Club, a night spot where a 14-year-old Memphis girl danced before she was slain last week.

Julian Fogelman of Marion, deputy prosecuting attorney, said the action had been planned for some time and the death of Carol Aene Feathers "just brought it to a head sooner."

Another West Memphis Club, Danny's, also was ordered closed.

A preliminary hearing is scheduled in Marion today for Jerry L. Blankenship, 17, of Memphis charged with slaying the Feathers girl.

Police said Blankenship, whose young wife expects a child soon, admitted clubbing Miss Feathers when she resisted his advances. They said Blankenship told her he met the girl at the Cotton Club and later drove with her to a secluded lovers lane near the Memphis-Arkansas bridge. Her battered body was found in this area Saturday.

The first newspaper published in Arkansas carried a list of unclaimed letters, including three for Stephen F. Austin of Texas fame.

Workers to Strike PA Railway

PHILADELPHIA (AP) — The Transport Workers Union said today it will strike the Pennsylvania Railroad because it has been unable to reach agreement on a new contract after eight months of negotiations. No date was set for the strike of 20,000 nonoperating employees the TWU claims to represent.

The union said it had broken off negotiations today with America's largest railroad. The PRR confirmed that talks had failed and reported the union plans to take the dispute to the Railroad Mediation Board.

Andrew Kaelin, international vice president of the TWU in charge of the railroad division, said presidents of PRR locals will meet here Thursday and Friday "to organize the machinery for a system-wide strike."

Kaelin said the negotiating committee will recommend the walkout.

The TWU sought a wage increase of 35 cents an hour. The PRR, in a counterproposal, claimed that its costs of operation were too high and suggested the TWU members take a 15-cent-an-hour pay cut. Workers now average \$2.50 an hour.

Accused Negro Pays Off Income Tax

MONTGOMERY, Ala. (AP) — The Rev. Martin Luther King Jr., accused of perjury for failure to report \$27,000 in earnings to the state of Alabama, has paid the tax on the entire amount, it was disclosed today.

The money was paid to the state before a grand jury Montgomery indicted the Negro integration leader on a perjury charge accusing him of making false returns for 1956 and 1958.

King, in Los Angeles on a speaking tour, told the Associated Press he paid the tax "under strong protest... very strong protest" after a state revenue agent questioned him about his returns.

He said it amounted to some \$1,000.

The Negro minister said the agent, whom he identified as Lloyd Hale, "just about threatened me to the point I felt it was the best thing to do and have it all over."

"I paid it under very strong protest," he added, "but knowing the Alabama courts, I knew that it would be a waste of my time to take the issue into court."

Stephens Sells Big Share Ark-La Stock

LITTLE ROCK (AP) — Will Stephens, president and board chairman of Arkansas Louisiana Gas Co., today confirmed reports he has sold 100,000 shares of the firm's stock.

He said he retained considerably more stock than the amount he sold but gave no figure.

Stephens would not comment on the money involved in the sale. He had earlier been estimated that the transaction involved more than three million dollars.

He did say the sale was made on the open market but to a well known large investment fund interested in growth stocks.

The sale was reported in the Wall Street Journal and other exhibition. The Arts of Denmark, in New York City.

Oscar Derby Off, Running in Movieland

By JAMES BACON

AP Movie-TV Writer

HOLLYWOOD (AP) — The annual Oscar derby was off and running today with Ben-Hur's chariot race on television to take most awards come April 4—Academy Awards night.

The 15-million-dollar spectacle MGM's go-for-broke film, got 12 nominations to lead all as the 32nd annual Academy awards nominees were announced Monday night.

"Ben-Hur," was nominated for the best picture along with "A Time of a Murder," "The Diary of Anne Frank," "The Nun's Story" and the English-made "Room at the Top."

Elizabeth Taylor, whose potent portrayal of the demented young girl in "Suddenly Last Summer," was a screen masterpiece, is favored to win an Oscar on her third nomination in as many years. Other best actress nominees are Doris Day (Pillow Talk); Audrey Hepburn ("The Nun's Story"); Katharine Hepburn ("Suddenly Last Summer"); and French actress Simone Signoret ("Room at the Top").

Charlton Heston, who played the title role in "Ben-Hur," is an early favorite among the top actor nominees. The others are Britisher Laurence Harvey (Room at the Top); James Stewart (Anatomy of a Murder); Paul Muni (Last Angry Man); and Jack Lemmon (Some Like It Hot).

Nominees for the best performance by a support actress are Hermione Baddeley ("Room at the Top"); Susan Kohner (Anatomy of a Murder); and Shirley Winters (The Diary of Anne Frank).

Supporting actor nominees were Hugh Griffith (Ben-Hur); Arthur O'Connell (Anatomy of a Murder); George C. Scott (Anatomy of a Murder); Robert Vaughn (The Young Philadelphians); and Ed Wynn (The Diary of Anne Frank).

Says Doctors Need Facts on New Gases

By RENNIS TAYLOR

Associated Press Science Writer

LOS ANGELES (AP) — A top authority on chemical warfare today urged that the nation's doctors be given the facts about some of the newer poison gases which he said were more terrible than nuclear bombs.

"There are gases that will kill tens of thousands in a matter of minutes; gases that will make lunatics out of whole metropolitan populations; gases that will paralyze but not kill to liberate cities from military occupation."

This country has a whole array of these gases and the Soviet Union, which apparently had a six-year start on developing things of this kind, presumably has had four years more, he said.

He said the Soviet Union has 50,000 tons of tabun, a nerve gas, enough to wipe out the populations of 1,000 cities the size of San Francisco.

"The organism that causes Q fever, a disabling but seldom fatal disease, can be made so effective that one-thirtieth of an ounce of it will infect 500,000 people, he added.

"This rundown was presented before the California Medical Assn. by Dr. Cecil M. Coggins of the California Disaster Office, Sacramento. Dr. Coggins formerly was associated with the Army Chemical Warfare Service.

The potentialities of chemical and biological warfare remain widely unknown, even among physicians who would be called upon to fight the deadly effects. Dr. Coggins said.

"This dangerous situation in which we are expected to protect the public against weapons which are unknown to us, cannot be allowed to continue," Dr. Coggins said. "We must become informed of the facts."

The new hallucination-producing drugs take effect whether swallowed, breathed or injected. They can be prepared in aerosols which will penetrate closed rooms in the same way as fuel gas.

They caused visions, depression, senseless elation or apathy lasting 12 to 24 hours. Dr. Coggins reported. A man breathing the stuff could not see a gun, fly a plane or perform any useful task acceptably.

Denmark Royalty to Visit U. S.

WASHINGTON (AP) — The King and Queen of Denmark will pay a state visit to the United States next October.

The White House announced today that King Frederick IX and Queen Ingrid have accepted an invitation from President Eisenhower to come to this country next month.

Exact dates have not been worked out.

During their stay, the White House said, the royal couple will be officially inaugurate the Danish exhibition. The Arts of Denmark, in New York City.

Young Methodists Want to Know About Beatniks

Dear Dorothy Dix: I am 15 years old and in a very interesting club made up of anyone in senior high school who belongs to the Methodist Church. We limit our discussions to subjects of world interest.

For the past two Sundays we have discussed the beat generation. What is the exact definition of a Beatnik? We are not sure. The senior high school class of the First Methodist Church of Clintonville, Wis., will appreciate getting the information. — Margaret

Dear Margaret: Beatniks are mixed-up baffled kids who gripe against modern life as expressed by what they term our materialistic philosophy. They withdraw from life, create their own environment among other Bohemian Beatniks with defeatist ideas and in consequence do little to remedy the faults they complain about.

Hipsters (a form of Beatniks) advocate more active and ambitious changes, and are usually to be found among artists or writers. In the best sense, they are rebels. Some show remarkable talent but tend to focus on the seamy side of life by churning around in the drugs. In Paris they haunt Left Bank cafes where they are known as Existentialists. Sure, the writer, is their god. In New York you'll find them talking their heads off in the Cafe Espresso shops of MacDougal Street. More power to the senior high school class of Clintonville's First Methodist Church.

Dear Dorothy Dix: I have been going with a girl for two and a half years. I have told her how much she means to me but never once has she expressed her love. I am 19 and she is 18. This has left me in a mood of self-pity. Is it useless for me to think that she'll change or should I be content to let things ride? — Depressed

Dear Depressed: Maybe she's not the girl for you. Nothing is ever gained by temporizing. Speak up!

Dear Dorothy Dix: A neighbor's teen-age girl entertains her boy friends in her bedroom after school. Her mother contends this is proper as they go there to listen to the record player. The mother is not always at home when the young people come from school. Is it ever permissible for a girl to entertain boy friends in her bedroom? If so, under what circumstances? — Way-Behind-the-Times

Dear Way-Behind-the-Times: I don't approve of a teen-age girl entertaining the boy friends in her bedroom any more than you. But the girl is answerable only to her mother; so keep your own counsel. However, should the mother ask you, say such informal entertaining is questionable taste unless she chaperones the party. Even then, I wouldn't recommend it for the simple reason that the guests are likely to be ill at ease, if the girl is not.

Send your problem to Dorothy Dix. Be sure to enclose a stamped, self-addressed envelope, and address her in care of this newspaper.

Youth Charged With Killing Cousin

BAY, Ark. (AP) — Bobby G. Lamberson, 21, of Bay, has been charged with first degree murder in the shooting of his 23-year-old cousin near here.

Donald Dale Lamberson of Chicago was found shot to death at his uncle's home Sunday. He had been shot six times with a .22 caliber pistol.

Charges were filed today by Prosecuting Attorney Terry Shell. Bobby Lamberson was returned from St. Louis by Cringhead Sheriff Lennie Cooper. Cooper said Lamberson had gone to St. Louis to visit his mother and was arrested there yesterday.

Lamberson told Cooper he and his cousin had been drinking beer at the Engle Lamberson farm the afternoon of the shooting. He said they got into a scuffle and that he was knocked against a stove and suffered a burned neck.

The shooting followed, he told the sheriff.

The Hope High School Bobcats put on their seasons best shooting exhibition in downing the Ashdown Panthers 75 to 61 in a non-conference game played last night at Jonas Field House.

In a preliminary high rouser the local B boys defeated the Panther B's by one point 39-38 on Fry's free throw in the last five seconds.

The Bobcats were hot from the outset and shot close to 60% of their shots during the first quarter to lead 20 to 10.

The outside shooting of Smiley, Calhoun and Thurman and the follow shots of Walton kept the Cats clicking at a fast pace.

Dale Booth of Ashdown was the game's high scorer with 20 points made mostly on driving crisp shots. His outside shooting, for which he is so well known, was throttled by Smiley's close guarding.

Smiley and Calhoun tied for Hope scoring honors, both hit 17 points. Walton hit for 12, Thurman 8, Walters 7, Churchwell 6, Erwin 3, Duke 2 and Robinson 1 to pile up 75 points.

Watson and Henley scored 11 each and Boon and Hubbard 9 each, to complete Ashdown's total.

The lead changed hands several times during the first half but Hope led 36-27 at halftime and 51 to 47 at the end of the third.

The B game was also close throughout with the half ending Hope 22, Ashdown 20. Powell was the leading scorer for Hope with 13 points but he was bested by Stewart of Ashdown with 14.

Hooper scored 9, Fry 8, Roberts 5, and Tyler and Compton 2 each to round out the scoring.

Fry's free throw with five seconds remaining and the scored 38-33 provided the 1 point margin for Hope.

Liston Punches to His Biggest Purse

MIAMI BEACH, Fla. (AP)—Sonny Liston of Philadelphia punched his way to the biggest purse of his career to date when he scored an eighth-round technical knockout over Howard King of Reno, Nev., in a scheduled in-round main event at the Miami Beach Auditorium.

Lou Viscusi, manager of Cleveland Williams, said the Texas Boxing Enterprises is ready to guarantee Liston \$10,000, or an option of 25 per cent of the gate, plus \$1,000 training expenses for a bout March 21 at Houston with Williams.

Liston, No. 2 challenger for the world's heavyweight title, weighed 211½ Tuesday night and King 195.

Liston ran up against a tough customer in King, but the Philadelphia's darting, crumpling left hand gradually weakened his opponent. However, it was a right to the midsection just as the bell sounded ending the seventh round that floored King.

King was examined by a physician between rounds and ruled unfit to continue.

Texas Favored to Win NCAA Tourney Berth

By DON WEISS

Associated Press Sports Writer

Chubby Hal Bradley, who built Duke into a basketball power, has fashioned a possible Southwest Conference champion in one season at Texas while making the Longhorns the comeback team of college basketball.

No better than 4-20 last year with only two conference victories, the Longhorns ran their "new era" record to 16-5 Tuesday night with a 98-62 overtime whipping of Baylor. Tied with Southern Methodist for the Southwest Conference lead with a 9-2 mark and three games remaining, the Longhorns are favored to grab the league's NCAA-tournament berth since they beat SMU in both their regular season meetings.

SMU, meantime, kept pace by routing Texas A&M 81-53, dropping the Aggies to third place at 8-3.

Western Kentucky grabbed the Ohio Valley Conference lead with an 85-81 victory over Tennessee Tech. Rhode Island bounced Massachusetts out of the Yankee Conference lead 76-75 (Connecticut took over). LaSalle took the Middle Atlantic lead beating Muhlenberg 91-89, and St. Marys (Calif.) maintained the top spot in the Western Collegiate Athletic Conference, whipping San Jose 69-54 in other games with a bearing on NCAA tournament berths.

Navy and DePaul improved their chances for at-large selections to the NCAA—the Midwestern (15-5) with an 80-54 rout of Delaware, and DePaul (14-5) with a 65-63 squeaker against Marquette.

Providence, which could turn out to be the surprise of the approaching National Invitation Tournament, knocked off NCT rival Holy Cross 80-68. The Friars now are 18-4 and Holy Cross 17-4 with three losses in its last four starts.

Notre Dame, already picked as an NCAA at-large entry, was surprised by 1959 NCAA small school champ Evansville 92-87. Ohio U., the Mid-American Conference champion, lost its 12-game win streak—88-74 to Miami of Ohio, which helped Ohio clinch the title Saturday with an upset of challenger Toledo.

North Carolina, co-favorite with Wake Forest for the Atlantic Coast Conference tournament next week, made it 15-5 for the season with an 81-64 thumping of Maryland. Memphis State of the NIT ran its log to 17-4 in a 90-55 rout of Spring Hill. Boston University got an 82-78 decision over Boston College.

Connecticut celebrated its return to the Yankee conference lead in a non-conference 96-66 whipping of Canisius.

Undefeated Bobkittens Leave for State Meet

By TEDDY JONES JR.

The Hope Junior High School Bobkittens, champions of the 4 AA Conference, left at noon today for the state tournament at Newport. They left by train due to the weather.

The young Kittens, undefeated in 4AA season play and boasting a 15-3 season record, played Benton of District 3AA in the opening round of the State AA Tourney at 2 p.m. Thursday.

The 8 team State Tourney has entries from the first and second place winners of the state's 4 regional conferences. Other opening round games find Jonesboro playing Van Buren; Fairview playing Harrison and Newport—tournament favorite, playing Russellville.

Semi-final play is scheduled for Friday morning with the winners of Hope-Benton and Jonesboro-Van Buren games meeting at 10 a.m.

The local Juniors making the trip include the starting five of: Tony Purdie, Earl Ray Murphy, David Porterfield, Dan Jones and Mac McLarty along with the reserve unit of Vince Foster, John Whitten, Mikey Baber, Richard McDowell, Jerry Purdie and team manager Charles Beyerly.

Accompanying the team is Junior High Coach Billy Mitchell and Hope High School head coach John Pierce.

The Junior Bobkittens boast the best record in the history of the local Junior High and dropped only three games during the season. All of these were non-conference pre-Christmas losses.

They dropped the opening game to Nashville after four days of practice and lost a pair to the Big Nine Texarkana Jefferson Avenue Piggies.

The Bobkittens season's record is as follows:

Hope 20, Nashville 27.
Hope 23, Texarkana 38.
Hope 24, Spring Hill 10.
Hope 44, Waldo 2.

NLR Within a Game of Big 9 Title

By THE ASSOCIATED PRESS

North Little Rock is within one game of the first undefeated season in Big Nine Conference basketball history.

The Wildcats brushed past El Dorado 72-61 on the North Side last night to run their league slate to 15-0. Remaining on the schedule is Pine Bluff on the Zebra floor Friday night.

Little Rock Central sewed up fourth place with a 49-30 verdict over Little Rock Hall. Blitheville and Fort Smith will decide second and third with a doubleheader at Fort Smith Thursday and Friday.

North Little Rock spotted El Dorado the first basket, then took command. Larry Hogue chipped in 28 points for the Wildcats.

Bill Knight tallied 18 for Central which ran its record to 9-5 and insured itself of a berth in the state tournament at Blitheville. The Big Nine sends its top four teams into a field of 16 which includes the best three clubs in each Class AA district.

Blitheville takes an 11-3 record into Fort Smith where the Grizzlies are 10-5.

In other games Friday night, Central is at Hot Springs and El Dorado is at Texarkana. Pine Bluff is at Hall Saturday night.

Runner Reaches Fort Smith Tues.

FORT SMITH, Ark. (AP)—It was back to the payments today for Charles Murff, after a banquet-trail detour on his 502-mile run for Arkadelphia to Kansas City.

Murff was a guest at a Fort Smith Chamber of Commerce dinner last night.

He ran only 18 miles yesterday, but today he resumed the 30-plus mile per day pace he has maintained since leaving Arkadelphia last Friday.

He plans to reach Kansas City March 7, opening day of the National Assn. of Intercollegiate Athletics basketball 11 tournament. Murff's run is to publicize Ouachita Baptist College, where he is a senior, and the Arkansas Intercollegiate Conference.

State to Play in NCAA Meet

JONESBORO, Ark. (AP)—Arkansas State College has accepted an invitation for the NCAA Midwest Regional College basketball play-offs at Evansville, Ind., March 4-5.

Athletic Director J. A. (Ike) Tomlinson said in making the announcement today that "we feel this is a great challenge to our young club."

Tomlinson praised Coach John Rauth for "an outstanding job this year's team."

Arkansas State had a season record of 14-11.

Teams already invited to the Midwest playoffs are the University of Buffalo, Wabash College and host Evansville College. Pairings have not been announced.

Madcap AIC Title to Wonder Boys

By THE ASSOCIATED PRESS

The madcap Arkansas Intercollegiate Conference is over and Arkansas Tech, the pre-season favorite, emerged on top.

The Wonder Boys sewed up the title with a convincing 87-72 thrashing of Southern State at Magnolia last night.

State Teachers nailed down undisputed second place with a 76-59 decision over Harding at Conway. Ouachita missed a chance to share runner-up honors by losing to Arkansas College 78-76 at Batesville.

Arkansas A&M won its 11th straight AIC game, turning back Ozarks 61-59 after three overtimes at Monticello. The Boll Weevils vaulted over Ouachita into third place.

Tech ended with a 14-4 record, Teachers 12-4, A&M 13-5 and Ouachita 11-5. Teachers missed a chance to tie for the title because it does not schedule Crosstown rival Hendrix and thus played two games less than the Wonder Boys. Ouachita trailed A&M for the same reason.

Arkansas College ended with a 9-9 record, Southern State 8-10 and Ozarks 7-11. Henderson dropped Hendrix 78-59 in a battle for eighth place and the last qualifying spot in Saturday's NAIA district tournament at Pine Bluff. Henderson finished 5-11, Hendrix 3-13, Harding was the 10th place team at 3-15.

The rebounding—of 6-10 Don Vance and the 39 points of Ken Saylor lifted Tech to the key victory over Southern State.

The Wonder Boys, who spent most of the season in third place, were not taking chances with this one. They surged to a 12-1 lead and never let the Muleriders get closer than six points thereafter. Tech once led by 20.

A&M and Ozarks fought to a 43-43 tie at the end of regulation time. It was 47-47 after the first extra five minutes and 52-52 after a second overtime try. Cleve Branscum scored all seven of Ozarks' points in the last extra period but he couldn't match the Aggie output.

A&M put on one of the most fabulous finishes in AIC history. The Aggies have best every AIC team and have lost to nine since they started a winning streak with a 2-5 record back in January.

John Robinson hit 22 points as Teachers took a routine victory over Harding. This was to have been the one to clinch the title for the Bears, but they took the pressure off themselves by losing to Ozarks last week.

Ouachita's Dean Scroggins and Arkansas College's Don Sinko engaged in a scoring duel at Batesville. Scroggins won the individual race with 26 to Sinko's 25, but Arkansas College made a 40-30 halftime lead stand up for the victory.

Spriggs Nutt tallied 26 to pace Henderson over Hendrix.

Record Number in Preakness Running

BALTIMORE (AP)—A list of 161 3-year-olds have been nominated for the 84th running of the \$150,000 Preakness, second leg of racing's triple crown, at Pimlico race course.

Executive Director Louis Pondfield said today the total is nearly two dozen more than were nominated last year and the largest since a record 176 were named for the 1955 Preakness.

The Preakness, the world's richest race for 3-year-olds, will be run Saturday, May 21. It is a mile and three-sixteenths.

Most prominent nominee is Warfare, 1955 2-year-old champion.

Jenkins Is Big U. S. Hope for 2nd Gold Medal

By MURRAY ROSE

Associated Press Sports Writer

SQUAW VALLEY, Calif. (AP)—figure skater, starts his quest to David Jenkins, lithe and acrobatic day to give the United States a king of the ice to escort queen Carol Heiss.

The 23-year-old medical student from Western Reserve U. and Colorado Springs, Colo., is the chief hope to give Uncle Sam a second gold medal in these Soviet-dominated Winter Olympic games.

Carol, beautiful world champion from Ozone Park, N. Y., climaxed 14 years of dedication Tuesday when she won the Olympic figure skating crown to go with her four world titles.

It was up to Jenkins, reigning and three-time world titlist, to bring the U.S.A. another gold medal to match the same two the Yanks earned at Cortina Ampezzo, Italy, in 1956. The three-day men's competition began today.

Fourteen of the 27 championships at stake had been decided without an American victory until the 20-year-old baker's daughter came through with an almost flawless free skating exhibition.

Carol beat both Sjoukje Dijkstra of Holland and teammate Barbara Ann Roles of Temple City, Calif., in this pay-off competition after she had piled up a commanding lead in the compulsory school figures.

Miss Heiss had a perfect score of 9 in judging placings and 1,490 points. The 18-year-old Dutch girl had 1,424 points for second. Miss Roles was third with 1,414.9 Laurence Owen of Winchester, Mass., was sixth with 1,343.0 points.

Other winners were the Soviet Union's Lidija Skoblikova who took the 3,000-meter speed skating in 5:14.3 to become the first double gold medal winner; Yvonne Ruegg, a pretty 20-year-old Swiss secretary who edged Penny Pitou of Gifford, N.H., for the women's giant slalom gold medal, and Haaken Brusveen, a 32-year-old Norwegian who beat Sweden's Sixten Jernberg for the 15-kilometer (9.4 miles) prize in 51:56.6.

Jernberg was timed in 51:58.6. Russia's fourth victory and other placings sent the Soviet point score to 104 in the unofficial team scoring. The Soviets can't be caught. Germany, winner of three gold medals, was second with 49% followed by the U.S.A., 39, Sweden 36, Switzerland 25, Finland 20, Norway 18%, France 15, Italy 13%, Canada and Austria 13 each, Poland 12, Netherlands 7, Japan 6% and Czechoslovakia 3.

Betsy Snite, 21, of Norwich, Vt., earned fourth place in the giant slalom behind Italy's bronze medal winner, Chantal Minuzzo. Mrs. Minuzzo was timed in 1:40:2 and Betsy in 1:40:4.

In the speed skating, another Russian, Valentina Stenina, was second in 5:16.9 and Eevi Hutunen of Finland third in 5:21.0. Jeannine Ashworth of Wilmington, Mass., was eighth in 5:28.5. Cornelia Harrington of Wayne, N.J., 18th in 5:57.5 and Beverly Buhr of Northbrook, Ill., 19th and next to last in 6:03.1.

Jenkins major rivals, as he began cutting his first figure eights in the two-day compulsory figures phase, were teammate Tim Brown of Berkeley, Calif., Don Jackson of Canada, and Alain Giletti, France's 20 year old European champ.

Prosecution Sums Up in Finch Case

LOS ANGELES (AP)—A prosecutor has charged in final arguments to the Finch murder trial jury:

1. Carole Tregoff stood ready with the so-called murder kit as her lover, Dr. R. Bernard Finch, struggled with his wife.

2. The society surgeon ambushed his wife, cracked her skull, shot her to death, then stalked her maid. And if he'd found the maid, "She wouldn't have testified on this witness stand."

It was the first prosecution claim that Finch planned to harm the maid. It presented no such testimony.

Stern-faced Deputy Dist. Atty. Clifford Crail shook an accusing finger at Finch and Miss Tregoff Tuesday as he thunderously accused them of trying to weave a story to fit the facts and escape a murder conviction.

Finch, 42, and his 23-year-old mistress sat impassive. They are charged with killing his wife, Barbara Jean, 36, last July 18 outside the \$65,000 Finch estate in suburban West Covina. The handsome, wealthy doctor says the gun went off accidentally as he tried to

throw it away after wrestling it from his wife. She was shot in the back.

The family maid, slim, blonde Marie Anne Lidholm, 19, interrupted the scuffle in the Finch garage. She was a star state's witness.

Crail told the jury of five men and seven women that Finch shot his fleeing wife, then returned to the garage, hunting Miss Lidholm. She had run into the house to call police.

Crail scathingly accused the doctor of "cutting the pattern to fit the cloth"—"weaving his story around the story told by Marie Anne without disputing her."

But he pointed out 16 ways he said their stories differed.

One point of difference: whether the doctor cried out for Carole after the struggling in the garage began.

"He didn't have to call Carole Tregoff," said Crail, "because he knew where she was—waiting outside the door on the lawn, with the little kit, to be called in at the proper time. But that time didn't come because of the resistance of Mrs. Finch, and the intervention of Marie Anne Lidholm."

An attaché case which the doctor said was an emergency medical kit was found near the home. It contained a hammer, butcher knife, pistol bullets, clothesline, rubber sheet, sleep-inducing drugs and hypodermics.

Convicted of Concubinage

FORREST CITY, Ark. (AP)—A 48-year-old white farmer and a 17-year-old Negro girl were convicted of concubinage in circuit court yesterday. Each was sentenced to a year in prison.

The sentence handed J. A. Harding, 48, of nearby Pine Tree, and Brittie Mae Hinton of Forrest City was the maximum allowed under the new charge.

Police testified that Harding and the girl were arrested at a motel.

Industrial Financing to Be Tested

LITTLE ROCK (AP)—A suit to test Arkansas' new industrial financing laws should be ready for filing within a week.

William J. Smith, Gov. Orval Faubus' legal advisor, gave that estimate yesterday. The suit will be filed in Independence Chancery Court at Batesville.

Batesville will be one of the first communities to use the new laws, passed at a January special session of the Legislature. The city will float a 1½ million dollar bond issue to finance a plant for the Seiberling Rubber Co. An election to approve the bonds is scheduled March 15.

The new laws permit cities or counties to issue revenue bonds to pay for plant construction, allow cities and counties to join together to promote industry and permit the state to buy up to two million dollars worth of such bonds.

Smith said the test suit could be filed and decided in the same day. The decision would be appealed to the Arkansas Supreme Court the next day and the high court would advance the case for a speedy final decision.

Smith, who helped write the laws originally planned to file the test suit a week after the laws were passed. He said some minor changes in wording of the suit held up filing.

High Jumper to Rest

BOSTON (AP)—Boston University sophomore John Thomas, who holds the world's indoor high jump record, will skip the Knights of Columbus Games in New York next Saturday. University athletic officials said Tuesday Thomas is being overworked and needs a rest.

Chicago Gets Man to Clean Up Police

CHICAGO (AP)—Orlando W. Wilson, a mild-looking professor and newly named head of Chicago's scandal-riddled police department, says he will try to make the city's men-in-blue the best in the world.

But, cautioned the 50-year-old University of California dean after his selection Monday by Mayor Richard J. Daley, the job cannot be done overnight or by one man.

"Moves will have to proceed slowly and after due deliberations to avoid capricious or unwise actions," he told the small army of newsmen who jammed into the mayor's office.

The special five-man committee which proposed Wilson's name to Daley—Wilson had been chairman of the group until prevailed upon to take the post himself—also called for a sweeping revision of the department organization.

The new commissioner, a surprise choice, is dean of the School of Criminology of the University of California in Berkeley. An expert in police administration, he has served as consultant to police departments in six big cities.

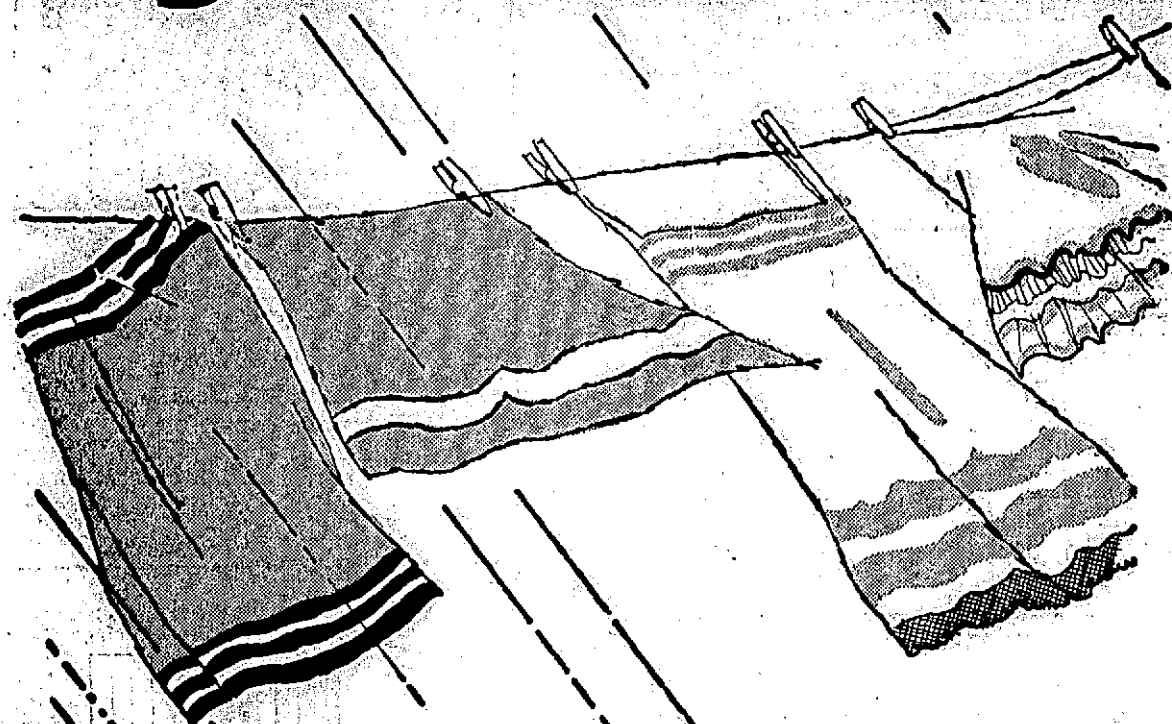

His selection ended nearly a month of intensive searching for a successor to Timothy J. O'Connor, who resigned Jan. 23 in the wake of accusations there was collusion between policemen and burglars.

Wilson will be named acting police commissioner March 2 at the same time Daley proposes to submit to the City Council a ordinance revising the set-up of the police department. Upon the expected passage of the ordinance, Wilson would be named superintendent of police with a salary of \$30,000 a year. This is \$7,500 more than O'Connor got and \$15,500 more than Wilson's salary at the university.

In submitting Wilson's name to Daley, the committee said Wilson was preferred over the 53 other applicants on the basis of "his integrity, skills and the test of experience."

The most drastic of the committee's suggestions for a revamping of the department, and one which would require state legislation, called for junking of the police civil service and replacing it with a merit system of appointments and promotions.

1959's BIGGEST SALES SUCCESS IS GOING STRONGER THAN EVER IN 1960.
ONE LOOK AT THOSE BEAUTIFULLY PROPORTIONED LINES AND YOU'LL KNOW WHY!

Within one year from introduction, the Ford Galaxie, Thunderbird of the low-price field, has become the world's best-seller. For '60, it's even more sensational.

Outside, the Galaxie's crisp roofline is unmistakably Thunderbird... inside, plush appointments and deep-pleated carpets are Thunderbird-elegant. Beneath the hood, you can have the Thunderbird's own V-8 engine.

And for 1960, Galaxie has more room for six passengers than ever before. Ride? Here's a ride smoothness like you've never felt before in any car.

Yet, all-new and elegant as the Galaxie is, it still sports a low Ford price tag. So take a tip from all America. Come test-drive the 1960 Galaxie—the best-selling car in the world.
